

# Licence Terms & Conditions

These Terms & Conditions apply to the purchase of a Log Network UK licence.

By purchasing a licence, you are entering into a commercial business-to-business agreement. This licence is not a franchise.

Licence holders are granted the right to operate under the Log Network UK system within an agreed territory, subject to compliance with all operating manuals, pricing rules, territory rules, and brand standards.

The licence fee and ongoing monthly fees are payable as agreed at sign-up. Failure to make payments may result in suspension or termination of the licence.

Licence holders must have suitable storage facilities and access to a delivery van at all times during the licence period.

Log Network UK reserves the right to amend systems, documentation, and operating procedures as the network evolves.

These Terms & Conditions are governed by the laws of England and Wales.
